

I am please to recommend one of Gods chosen women to attain her master of Divinity. I have known Christie and watched her work in outstanding ways as a Evangelists wife , a pastors wife, a speaker, and a impact woman.. In all my interaction i know of her as a gifted woman that touches so many lives and impact people every where with the love of Christ. I know no one who seeks to advance her knowledge and understanding of Scripture more than Christie Johnston . I am thrilled that she will continue her studies.
